

# **MG Motor India's Response: MG Hector Thermal Incident – Jammu**

**Jammu, June 24, 2023:** MG India has carried out a thorough technical investigation into the recent thermal incident in Jammu involving MG Hector Diesel variant which has done more than 75,000 kms.

The technical report findings indicate a severe external impact to the engine area which led to the thermal incident.

At MGI, customer safety & vehicle quality standards are of highest priority. MG Hector is a safe vehicle built with an uncompromising attention to quality in all aspects.

## **About MG Motor India**

Founded in the UK in 1924, Morris Garages vehicles were world-famous for their sports cars, roadsters, and cabriolet series. MG vehicles were much sought after by many celebrities, including the British Prime Ministers and even the British Royal Family, for their styling, elegance, and spirited performance. The MG Car Club, set up in 1930 at Abingdon in the UK, has thousands of loyal fans, making it one of the world's largest clubs for a car brand. MG has evolved into a modern, futuristic, and innovative brand over the last 98 years. MG Motor India's state-of-the-art manufacturing facility in Halol, Gujarat, has an annual production capacity of 1,25,000 vehicles and employs nearly 2,500 workers. Driven by its vision of CASE (Connected, Autonomous, Shared, and Electric) mobility, the cutting-edge automaker has augmented across-the-board 'experiences' within the automobile segment today. It has introduced several 'firsts' in India, including India's first Internet SUV – MG Hector, India's first Pure Electric Internet SUV – MG ZS EV, India's first Autonomous (Level 1) Premium SUV – MG Gloster and MG Astor- India's first SUV with personal AI assistant and Autonomous (Level 2) technology.
